

The Holabird Norwood STEM Program

VISION

MISSION

The mission of the Holabird and Norwood STEM program is to inspire and empower students to excel academically and prepare them to become productive citizens who can think critically, work collaboratively, and solve problems in a 21st century world.

BELIEFS

- We believe in striving toward responsible engaged academic minds.
- We believe that students are caring, responsible problem-solvers.
- We believe that parents support learning and communication.
- We believe that school staff will create an engaging learning environment where students are empowered by science, technology, responsibility, engineering, arts and mathematics.
